## VIT Series Tanks

*“Designed for years of servicing the Metal Finishing Industry”*

The demands of the metal finishing industry include high-quality process tanks fabricated to the highest quality standards ensuring many years of trouble-free service.

Since 1971, Viron has supplied these high-quality trouble-free tanks in both standard & custom sizes utilizing PP (Polypropylene), PVC (Polyvinyl Chloride), FRP (Fiberglass Reinforced Plastic), Steel and Stainless-Steel materials.

We invite you to contact our team of experts when your application calls for the best quality tanks available in the industry.
